OFFICE FITOUT

METINNO® Aluminium Skirting

Sturdy skirting to suit any office condition

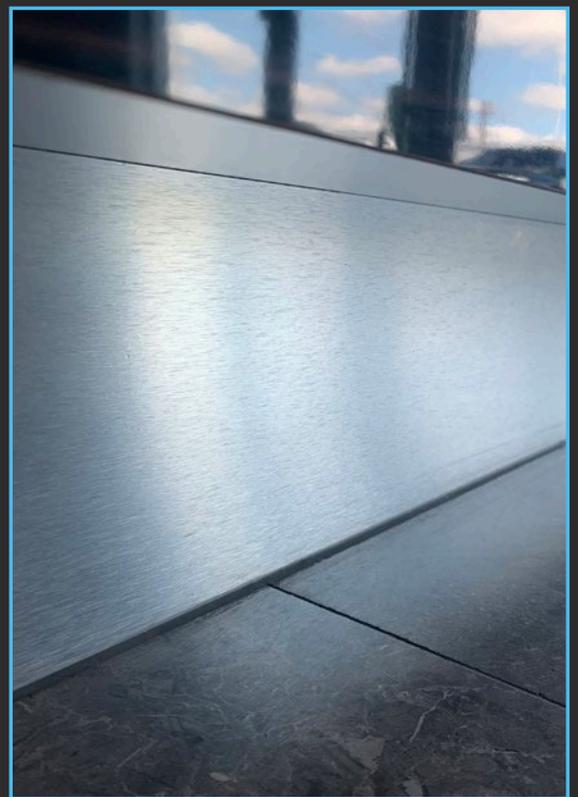

The selections of Metinno Aluminium Skirting profiles have great durability in high-traffic areas while maintaining a quality finish. The range facilitates a durable finish to protect walls and provides an aesthetically pleasing finish line between wall coatings and floor finishes. Available in natural anodised, brushed aluminium or powder coated finishes.

Screw Fix

Contemporary skirting with recessed pocket for screw installation that is then concealed by grey or black cover strip in vinyl.

Adhesive Fix

Simply elegant flat skirting for modern clean-line appearance with good resilience and impact resistance.
